

LUNCH TIME POLICY

2016-2017

We are constantly reflecting and studying ways to keep our campus a safe and secure learning environment.

Due to our Longleaf Elementary School enrollment growth and safety commitment for all students, we are limiting our lunchtime visiting to outdoor seating only. Therefore, we will only allow lunchtime visitors when the weather permits.

Lastly, to ensure the safety and supervision, parents may only have their children at lunch. No other children will be removed from the cafeteria. If you plan on visiting at lunchtime your name **MUST** appear on the student emergency card.

As always, we welcome our Longleaf families on campus as registered volunteers to assist our staff. We also will provide family events throughout the year and encourage your attendance!
